## APSRC Australian IEA PVPS & SHC update: DRAFT OUTLINE

IEA Photovoltaic Power Systems Program & IEA Solar Heating and Cooling  
Program

---

**11:00 to 13:00, Wed 5 Dec 2018**

LG05 Colombo Theatre C

The APVI represents Australia on both the IEA PVPS and the IEA SHC programs. We are involved in a number of different tasks for both programs. This Update will include an introduction to the IEA Technology Collaboration Programmes, as well as talks on PV recycling and using solar for water management in industry, followed by a panel discussion.

Moderator/ Chair: Renate Egan

11:00- 11:05	Renate Egan, APVI, <b>Introduction</b>
11:05 – 11:20	Ken Guthrie, Sustainable Energy Transformation, <b>Introduction to IEA TCPS – Why get involved?</b>
11:20 – 11:40	Dr Frank Lenzman, TNO Netherlands <b>PV recycling</b>
11:40 – 12:00	Prof Mikel, Duke VUT <b>Using solar in managing water for Industry</b>
12:00 – 13:00	Panel Discussion, including a 5 minute update from: <ul style="list-style-type: none"><li>• Warwick Johnson (PV in Australia, data and knowledge sharing),</li><li>• Dr Veronica Garcia Hansen (Daylighting),</li><li>• Prof Alistair Sproul (PV Thermal systems)</li><li>• Navid Haghdadi (High Penetration PV)</li></ul>

Discussion start at ~12:20
